Legal reference (Law section / article)

Article 20 (1) The basic amount of financial support is the product of the amount of eligible investment costs and the percentage of financial support from paragraph (2) of this article. The amount of eligible costs for each individual investment project is determined based on invoices and proof of payment.

(2) The percentage of financial support for the measures from Article 15, paragraph (1) of this Support Program is:

- a) for projects from points a), b), c), d), e), and f) - up to 50% of the eligible investment costs,
- b) for projects from point g) - up to 35% of the eligible investment costs provided that the value of domestic raw materials in production is at least 33%, and in the case of milk processing, at least 66% (these percentage restrictions do not apply to the milling and baking industry, the beer industry, and processing capacities for which there is not a sufficient quantity of domestic raw materials),
- c) for projects from point h) - up to 75% of the eligible investment costs.

(3) The basic amount of financial support for the measure from Article 16 of this Support Program is up to 100% of the eligible investment costs.

(4) The basic amount of financial support for the measures from Article 17 of this Support Program is 40% of the eligible investment costs in plant production, livestock, and fisheries, or 35% of the eligible investments in the food industry until the maximum amount of financial support from Article 22, paragraph (1) and paragraph (2) point a) of this Program is achieved.

(5) The basic amount of financial support for the measure from Article 18 of this Support Program is up to 75% of the eligible costs of obtaining certificates for organic production.
